

APICS Scholarship Objective:

Award up to (2) full scholarships for APICS CPIM and/or CSCP certification per budget year.
Reimburse 50% of the APICS member rate on course costs after the final exam is taken.
Reimburse 100% of the APICS member rate on testing costs when final exam is passed.

Application Guidelines:

Scholarship submittal request must be received no later than 2 weeks prior to the first course start date or planned test date for which candidate is applying for scholarship/reimbursement.

Complete and submit the scholarship application form, which includes the following elements:

- Which certification (CPIM or CSCP) is being sought
- Why candidate is interested in earning an APICS Certification
- What efforts have been made toward certification thus far
- Why your company does not support this (if applicable)
- Why you need this scholarship
- What you hope to achieve as a result of this effort

Submit professional work resume including three references

Eligibility (must meet at least one of the requirements below):

- Unemployed APICS Member
- Employing company has been asked to sponsor CPIM/CSCP Education and Testing and has refused
- Military veteran seeking certification
- Full time student seeking certification

Award Period:

Scholarship recipient is eligible for reimbursement of course and test costs for a period of up to 24 months from date scholarship is awarded. If certification efforts extend beyond 24 months, a new application/essay must be submitted.

Scholarship recipient may request one hold period of up to 12 months. This request shall be made using the reimbursement form.

Reimbursement:

Scholarship award recipients must submit confirmation of continuing eligibility with each request for reimbursement of course or test costs. Eligibility will be determined as of course start date or exam pass date. This information shall be recorded on the reimbursement form at the time of each reimbursement request.
